## Soul with a Capital S

Lead: **Zs**ofia, **Vincent** & **Laetitia**

Backing Vocals: **Everyone**

### INTRO + GROOVE (8 bars)

There's all kinds of music, everywhere you go  
Some folks like it fast, and some like it slow  
Some like it hot, some like it blue  
Uh some like it old, and some like it new  
Now I'm not liking country, and I'm not rappin' rap  
You can make a man swing, just say my thing  
No, I'm talkin' to dig, my step

**The only thing that turns me on (unison)**  
**Is when I hear a soulful song (harmony)**

I like soul with a capital S  
**Soul with a capital S (harmony)**  
**Sweet soul music, that's the best (unison)**  
**Soul with a capital S (harmony)**

### BRASS (4 bars)

Music makes you happy, thinking makes you sad  
It can do the worst thing to the best you ever had  
For entertainment found you if you had to choose  
You and me might disagree, 'cause I like rhythm and blues  
Now I'm not missin' disco, I'm not saying punk is bunk  
I can't settle for heavy metal, 'cause I got to have that funk

**The only thing that turns me on (unison)**  
**Is when I hear a soulful song (harmony)**

I like soul with a capital S  
**Soul with a capital S (harmony)**
